## Building the next generation of community leaders.

YP Nashville is a partnership between the Nashville Area Chamber of Commerce and more than 40 young professional organizations working to engage, connect and empower young professionals to actively shape the future of the Nashville region. The goal of YP Nashville is to connect young professionals ages 21 - 40 to diverse opportunities for networking, professional development and community involvement.

YP Nashville works to build a stronger network of young professional organizations and provides several ways for you to get involved outside of individual memberships.

### How to connect:

Visit [www.ypnashville.org](http://www.ypnashville.org) for a list of our young professional partner organizations, to subscribe to our bimonthly e-newsletter or to view our calendar of upcoming events.

### Events to attend:

#### YP Nashville Connect

This after-hours networking event showcases our partner organizations and helps match young professionals to the right engagement opportunities for them within the Nashville community.

#### YP Nashville Leadership Series

We host sessions each year to enhance the professional development of our future leaders (you!) by bringing in industry leaders to share their wealth of knowledge covering a range of specifically selected topics.

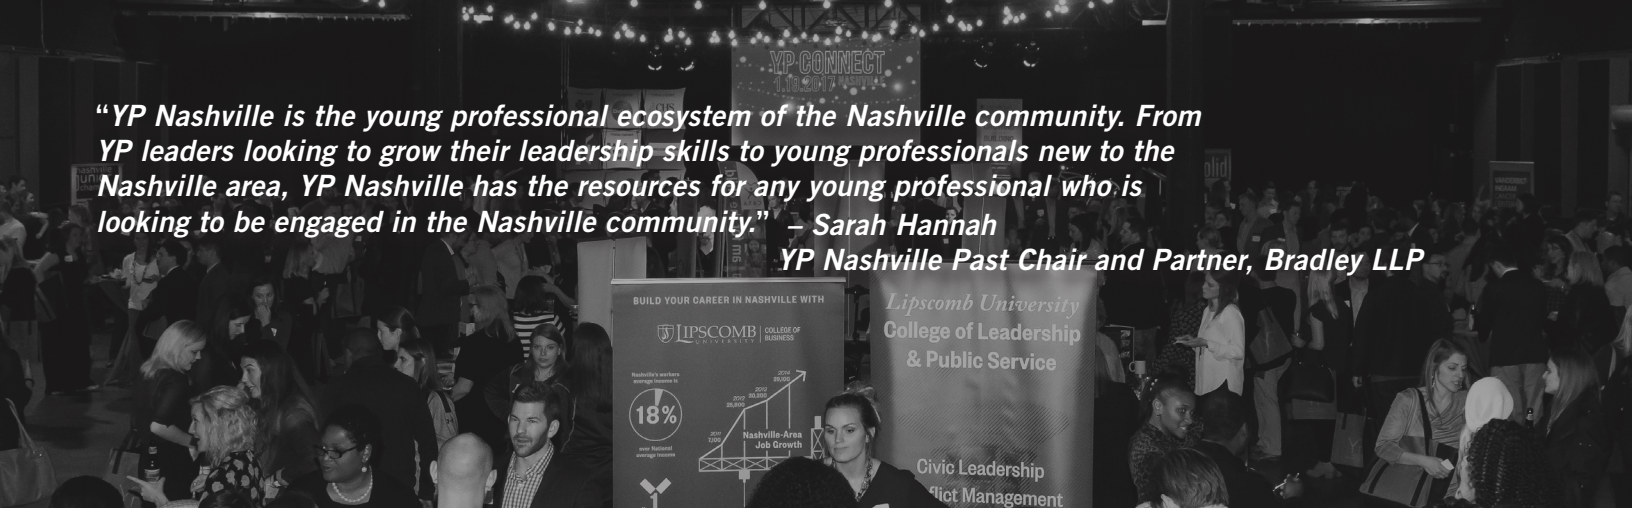

#### Nashville Emerging Leaders Awards (NELAs)

The NELAs is our signature event hosted annually to recognize outstanding young professionals in the Middle Tennessee region for significant accomplishments in their careers and substantial contributions to our community.

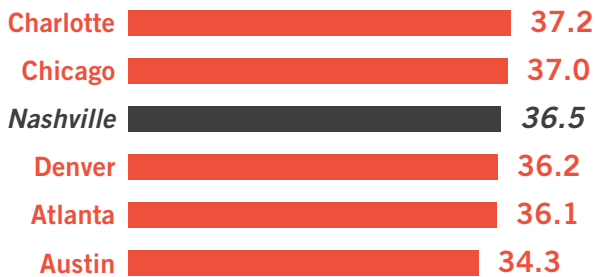

*“YP Nashville is the young professional ecosystem of the Nashville community. From YP leaders looking to grow their leadership skills to young professionals new to the Nashville area, YP Nashville has the resources for any young professional who is looking to be engaged in the Nashville community.”* – Sarah Hannah
